

DETROIT SOCIETY OF WOMEN PAINTERS & SCULPTORS

JULY/AUGUST 2018

VOL. 18

NO. 7/8

ESTABLISHED 1903

Saturday, Sept. 22

Annex Gallery at 333 Midland Highland Park

Intake: 10:00 to 10:55 noon General Meeting: 11:00 am

Bring a chair to sit on and two pieces of work. No size limit for artworks!

Pedestals for sculpture will be provided.

Sign Up Sheets: for Reception Refreshments and participation in other necessary task. (if you cannot make this time slot for intake, contact another member, using the fan out list for help.)

OPENING RECEPTION: Friday, September 28, 5 – 10 pm.

Jackie Rybinski is arranging for a hot band, which shall remain unnamed at this time.

Please bring wine or a snack to share.

Distinguished Members!

This is a rough and ready venue for our boldest artworks!

If you have work that has been neglected because it is too large, too strange, or just too controversial, this is the place to show it. **The Annex at 333 Midland** can handle anything you throw at it, even if you must “swing from the chandeliers” or at least hang your work in an unconventional manner – there is a lift for us to utilize. Please create and submit with this freedom in mind.

At the same time, there is room and consideration for the tenderest and most delicate of works. Do not be afraid, whatever it is you would like to display, even if it is small and intimate and not brash and bold. **This is a Member’s show and you are guaranteed a place to shine.**

Sculptor and owner of **333 Midland**, Robert Onnes, will be selecting the prize winners. **Robert**

Onnes is an established New Zealand sculptor working predominantly with steel and copper, exhibiting in many group and solo shows in New Zealand. Originally from Waikato and based in Auckland until recently where he has become best known for his monumental steel works.

In March 2015, Onnes relocated to Detroit. 333 Midland is a large industrial site in Highland Park, Michigan (within the borders of

Detroit). This historic factory, formerly the Lewis Stamping Plant, offers extensive space to artists and sculptors who wish to create large scale works. I think you will be well pleased with this venue and with our awards juror.

Yours in Art, Erica Chappuis, Exhibition Chairperson

ArtPrize is moving to an every-other-year format. The city-wide, radically open art competition that takes over central Grand Rapids for 19 days every fall will go on as planned this year, but then won't return till 2020.

Instead, in 2019 the organization will mount what they're calling "Project 1 by ArtPrize."

"Instead of officiating a competition," said ArtPrize Artistic Director Kevin Buist,

"we'll be facilitating a commission for temporary art.

The ANNEX GALLERY at 333 Midland

333 Midland is the name of the industrial site of what used to be the Lewis Stamping Plant, at 333 Midland St., Highland Park 48203. The Stamping Plant is now used as Artist Studio Space. It is a brick industrial building with a chainlink fencing surrounding the buildings and the small parking lot. The ANNEX GALLERY at 333 Midland is a separate building on the 333 Midland site. Midland St. crosses Hamilton Ave. south of W. McNichols and north of the Davison Fwy. 333 Midland is just west of Hamilton Ave. about halfway between W. McNichols and the Davison. You can park on Midland St. (no meters)

From I-96: take the Davison (MI 8) east past the Lodge (MI 10) to Hamilton Ave. in Highland Park. Turn left (north) on Hamilton Ave. Midland St. crosses Hamilton Ave. 333 Midland is just west of Hamilton Ave. (Ives Park is on the east side of Hamilton Ave., north of the Davison, and south of Midland St.)

From the Lodge (MI 10): Get off onto the Davison (MI 8) and proceed east to Hamilton Ave. in Highland Park. Midland St. is north of the Davison (MI 8) and crosses Hamilton Ave. (Ives Park on the east side of Hamilton Ave.) 333 Midland is just east of Hamilton Ave.

From I-75: get off onto the Davison (MI 8) west to Hamilton Ave. (which is past Woodward Ave.) At Hamilton turn right (north). Midland is less than a mile north of the Davison and crosses Hamilton Ave. (you will see Ives Park on the east side of Hamilton) Midland is a small road into an industrial area. 333 Midland is just on the east side of Hamilton Ave on Midland St.

From Woodward Ave. go west onto W. McNichols. At Hamilton Ave. go south to Midland Ave. (about half way between W. McNichols and the Davison Fwy. (Ives Park is on the east side of Hamilton just south of Midland St.) 333 Midland is just west of Hamilton Ave.

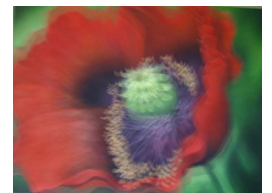

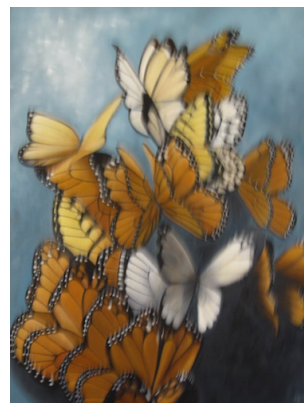

An Adventurous Art Excursion to see the Grosse Pointe Art Association show 'Flower Power' at the War Memorial on Jefferson Avenue!

Would have been better if I had been familiar with the idiosyncracies of the War Memorial as I spent awhile trying to find the elevator and the correct floor it was on.

*Still it probably would have great if
The weather would have been better
(it was beautiful when the adventure began) but
just started seeing the show when the workers
came and advised that the sirens had gone off,
there was a tornado alert and all occupants of
the building were to go to the bottom floor of
the building! That definitely got my attention! It
poured and then blew over, but by then I had
enough excitement!*

*But don't let my story deter you from seeing the
show - many talented and
well known area artists' work on display!*

Show Dates: 7/11 -8/19/18

ABOUT OUR JUROR...

Robert Onnes is an established New Zealand sculptor working predominantly with steel and copper, exhibiting in many group and solo shows in New Zealand. He has become best known for his monumental steel work. In March 2015, Onnes relocated to Detroit where he is 333 Midland in Highland Park.

Onnes's background in electronics and as a developer has influenced the current processes he uses which include CAD design, CNC cutting and MIG welding.

One of the unique distinctions about his work is his interest in the constraints and possibilities found with using sheet metal to design three dimensional forms. Whilst they have the presence of a solid cast work they use quite a different process which Onnes has worked on perfecting over many years. The use of steel and copper allows the construction of substantial forms, yet they maintain an earthy organic quality which suit the themes of his works.

Much of his inspiration comes from modern industrial design and contemporary art critics including Dennis Dutton.

ENTRY CONDITIONS

- Juror reserves the right to the selection of accepted works. Juror's decisions are final. Accepted works, once installed, may not be removed before the close of the exhibit.
- If my artwork(s) are for sale, purchaser may contact me at phone number or e-mail listed on the entry form.

• **The Annex Gallery and DSWPS reserve the right to photograph and reproduce photos of entries for publicity and promotional purposes**

- Submission of work shall constitute the DSWPS member's agreement with the conditions stated above.
